# FUTURE INTERNATIONAL TRADE AND CUSTOMS PROCESS MANAGEMENT

14 March 2024

4 p.m. (EET)

This webinar will explore the evolving landscape of international trade and customs process management. We'll discuss the regulatory changes, geopolitical shifts and technological advances that are shaping future trade dynamics. We'll also highlight the benefits of an MBA in Customs Process Management for career advancement in navigating international trade regulations.

## **Adapting to Global Trade Trends: Navigating Customs Processes in a Changing World**

Enrika Naujokė, Member of the programme committee, Director at Lithuanian Customs Practitioners' Association and Director at CustomsClear (customsclear.net)

## **Customs Reform 2040: Shaping the Future of Cross-Border Trade**

Dr. Ilona Mishchenko, Member of programme committee and lecturer of programme

## **MBA Studies: Innovating Customs Process Management for Future Trade**

Dr. Erika Besusparienė, Head of programme committee and lecturer of programme
